**RE: Announcement in regard to
the Effects of the 2011 off the Pacific coast of Tohoku Earthquake**

Sunmulon Co., Ltd extends its deepest condolences to all those affected by the destructive earthquake on March 11, 2011.

Luckily no injuries have been reported by our employees and their families.

Also, our production facilities are undamaged.

As some of our material suppliers are located in the quake-hit area, we may have some problems in supplying products in the near future.

Due to bad logistic conditions in the Tohoku region, we may face delay in delivering products.

We are sorry for the inconvenience, but we are doing the best supply as much as we can to minimize the problem.

Thank you for your kind understanding in this matter.
